Good Afternoon Andrew & Tamika-

Thanks again for getting back to me last week and checking in with scheduling. I'm checking back in on this request as it is a little time sensitive and the group is getting a little antsy on the announcement of the plan and where things stand currently. I apologize for the follow-up email so soon but was asked to check in. Also, if an in person meeting is difficult, I'm sure we could even schedule a call.

Thanks again for checking and hope you all had a nice weekend!

Blair

Administrator Wheeler & Tamika-

I hope you are both doing well and congratulations on your new appointment! I was hoping to give you both a little more time to settle in before asking for a meeting, however, considering all that's been going on the last couple of weeks around the RFS, I wanted to touch base.

We represent POET and have been heavily engaged with the discussions at the WH, VP's office and USDA regarding the current negotiations on the year round E-15 and RIN credits for ethanol export deal. Jeff Broin, CEO of POET, had met with Administrator Pruitt in early 2017; however, we have not recently been in.

I was asked to request a meeting on behalf of POET, ADM and Green Plains, Inc. as we know the final conversations are still ongoing. We would love to come in and provide you with an update on where we all are and our conversations across the administration. Would your schedule have any availability in the next couple of days or next week? We will make any time work at your convenience.

Thanks in advance for your help with this request and please don't hesitate to let me know if you have any questions.

Subject: Meeting Request- this Friday

Hello Andrew,

I hope all is well. I would assume you are busy as can be in the new gig at EPA, but I'd greatly appreciate the opportunity to come in and meet with you this Friday just to catch-up on all things life and work.

Not sure if you can get out of the office for lunch on Friday, but I'll offer up lunch as well as any time between 11:30am and 4:30pm. Please let me know what works for you.

Thanks in advance,
Bryan
